

Transform Receipt Data into Revenue

Partner with Nodee to provide your merchants with AI-powered insights from receipts, enabling precision marketing that drives cross-sell and up-sell opportunities.

What Nodee does

Nodee enables partners to offer a complete analytics and marketing intelligence layer—without building it themselves.

Transaction → Insight → Action → Revenue

Why partner with Nodee

- Unlock new revenue streams
- Accelerate time to market
- Enhance your product offering
- Seamless, scalable integration

Core capabilities

AI-Powered Analytics. Advanced machine learning algorithms process billions of receipts to extract meaningful patterns and insights.

Precision Marketing. Target the right customers at the right time with data-driven recommendations for cross-sell and up-sell.

Real-Time Insights. Get instant access to consolidated merchant intelligence from hundreds of POS systems and tech partners.

Enterprise Security. Bank-level encryption and compliance standards ensure your data and customer information stay protected.

Full White-label. Embed the Nodee Insights component directly into your platform — fully white-labeled with your brand colors and domain. Give merchants a rich analytics dashboard without building it yourself.
